# Valedictory Session of Wellfest India 2025 Graced by Shri Ramdas Athawale

**Hon'ble Chief Guest Shri Ramdas Athawale, Minister of State for Social Justice & Empowerment, Government of India**

The valedictory session of Wellfest India 2025, buzzed with the esteemed presence of Shri Ramdas Athawale, Hon'ble Minister of State for Social Justice & Empowerment, Government of India, who presided over the session and lauded the initiative of a successful exhibition, but a shared journey of wellness, tradition, innovation, and care. The combined presence of Ayuryog Expo and Elder Care India Expo created a truly holistic platform, uniting ancient wisdom with modern well-being solutions.

Over the span of three days, Wellfest India 2025 witnessed a remarkable footfall of over 6500 visitors, bringing together professionals, wellness seekers, policymakers, industry leaders, and global delegates under one roof.

Under the expanded Wellfest India 2026 umbrella, Ayuryog Expo and Elder Care India Expo will continue alongside new verticals. The announcement was made in the esteemed presence of Shri Ramdas Athawale, Hon'ble Minister of State for Social Justice & Empowerment, Government of India, reaffirming the initiative's commitment to inclusive and preventive well-being. The session also honoured key dignitaries for their valuable contributions, including: Mr. Sudeep Sarcar, Chief Executive Officer, India Exposition Mart Ltd (IEML), Dr. Nitin Agarwal, President, Organising Committee, Ayuryog Expo, Mr. Gagan Malik, Renowned Actor and Spiritual Wellness Advocate, Mr. Prince Malik, Secretary, Expo Mart Exhibitor Association, CA Sachin Sinha, Chief Financial Officer, India Exposition Mart Ltd (IEML)

"India's traditional systems of medicine and elder care are no longer alternatives — they are essentials for the future of public health. Wellfest India has proven to be a beacon of this transition, showcasing not only our heritage but also our readiness to lead in global wellness. I congratulate the efforts of IEML in crafting a platform that encouraged policy conversations, industry dialogue, and community engagement, urging stakeholders to continue building on this momentum."

## ABOUT ORGANISER

### IEML: India's Force Behind Flagship Exhibitions

India Expo Centre & Mart (IEML) is redefining the role of an event venue by becoming a leading organiser and curator of high-impact exhibitions and trade shows across sectors. From mega government-led platforms like Bharat Tex and the UP International Trade Show to industry-defining events like India Manufacturing Show, IFEX, IHE, Ayuryog Expo, and the upcoming Bharat Sustainability Expo, IEML combines infrastructure excellence with strategic vision. As a creator, co-organiser, and managing partner, IEML delivers turnkey solutions, powerful B2B ecosystems, and global engagement opportunities — making it India's most trusted name in the exhibition and event space.

# Glimpses

## of Wellfest India 2025

## Message from the Chairman Shri Rakesh Kumar

Chairman, IEML

"We are proud to have brought together two powerful ideas — Ayuryog Expo and Elder Care India Expo into one unified festival. Our goal was not only to exhibit, but to initiate, inspire and implement solutions that make a difference. Through international participation, knowledge sessions, ODOP showcases and sectoral roundtables, we created space for voices that matter. We thank all participants, partners, state governments and ministries whose collaboration turned this vision into reality."

We now look forward to expanding this collective impact further, with three new dedicated verticals announced today, **Women Wellness Expo, Sports & Wellness Expo, and Fitness & Active Living Expo, to highlight** the solutions for modern urban well-being, including mental health, workplace wellness, lifestyle therapies, and movement practices.

## Show Highlights - Celebrating Synergy

**Ayuryog Expo** showcased Ayurveda, Yoga, Naturopathy, Herbal Medicine, Organic Lifestyle, Panchakarma Equipment, Nutraceuticals, and Traditional Practices. With strong domestic and international participation, the expo became a convergence point for buyers and innovators.

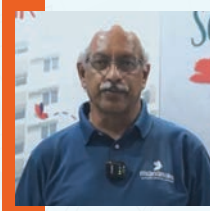

**Elder Care India Expo** focused on dignified and healthy ageing, with exhibits on geriatric care, mobility aids, home safety, elderly tech, and age-inclusive design solutions. The expo gave voice to one of India's most critical social sectors.

Visitors engaged in hands-on experiences, expert sessions, and B2B meetings across both pavilions. The ODOP segment also showcased timeless gems.

**Wellfest India 2025** saw over **9,630 registrations** and **6,500+ visitors** in the final two days. The expo featured **75 exhibitors across 10 categories** in a **4,000 sq. m area**, blending Ayurveda and modern wellness tech. Knowledge platforms hosted **30+ speakers, 8 masterclasses, and 2 panels** on holistic healing, eldercare, and digital health, reflecting India's rising momentum in integrative wellness.

# Testimonials

**Ananthram Varayur, Co-Founder, Manasum Senior Living:** We're in the retirement home business for senior citizens. We have our projects in Bangalore and Goa. Also, coming up with more projects in Tirupati, Mysore, Chennai, and so many other places. We are here because we have a lot of traction from this part of the country. People buy apartments that are embedded with facilities for senior citizens, right from their food, medical, housekeeping and everything. We had a good interaction with people here. We also met some B2B customers to start new projects in Noida and NCR regions. It's a great show for senior citizens to explore senior living solutions.

**Dr. Vinod Shankar Pandey, Visitor:** I am a Professor in the Department of Commerce in GNIOT Group of Institutes, but my passion is health and wellness. Apart from teaching, I take pride in guiding people to the traditional Indian way, and how exercises were done. It's a lovely place where people are coming and it seems more like a social oasis to me because people are meeting online with each other but here people are actually meeting, they are coming and interacting which is very necessary for health. We need more such gatherings on the subject. I congratulate IEML for organising such events and taking this initiative.

**Dr. Bhawani, Nutritionist, Speaker:** Me and my team are looking to start an assisted living facility. We have doctors and big panel for the same. We came across this expo and I was also invited to talk as a speaker on the Nutrition for elder people. While we are going to start a company in the same segment we found so many people working in the field, and there are different kinds of products and services particularly designed for elderly people, so lots of knowledge and experience we have gained in this expo. It's a fantastic event, and please keep going because we are coming here next year too, having our booth.

**Gagan Malik, Renowned Actor and Spiritual Wellness Advocate:** I left truly inspired by the Wellfest India 2025. This platform excels at uniting holistic wellness with elderly care, ensuring that innovation is always paired with genuine accessibility. From pioneering therapy demonstrations to practical senior-care solutions, every exhibit spoke to a commitment to improved well-being for all ages. Wellfest India has set a new benchmark for how wellness and eldercare are need of the hour, and I congratulate the organisers for bringing these essential disciplines to life.

**Sourish, Vardaan Senior Living, Exhibitor:** I would say Wellfest India is a perfect platform to showcase our senior care innovations. The event's focus on elderly well-being, accessible solutions and holistic healthcare connected us directly with caregivers, healthcare professionals, and families who share our commitment to dignified aging. Wellfest India truly champions innovation and respect for senior citizen while enabling dignified living.
